## What coronavirus mitigation and response protocols are in place?

Advance CTE follows the Center for Disease Control (CDC) guidance, applicable state and local requirements and the following safety and mitigation protocols. Fall Meeting attendees commit to following this guidance when registering. In particular, we encourage a review of the CDC [testing](#) and [masking](#) guidance.

All non-vaccinated attendees will be required to provide a negative test result of a PCR (Polymerase Chain Reaction) taken no more than 72 hours prior to the beginning of the conference on October 17, 2022. Vaccinated attendees are strongly encouraged to perform a COVID-19 test prior to travel.

Advance CTE will communicate final protocols, based on current CDC and state or local requirements and in consideration of the current public health risk, via email to all attendees no later than one week prior to the start of the event.

## What are the vaccine requirements for the Fall Meeting?

In order to register for the Advance CTE Fall Meeting, all attendees and guests must upload an official record of full vaccination for COVID-19 (acceptable forms include photo of CDC Vaccination Card or official state vaccination record). If you have already provided this documentation for a prior Advance CTE event, you do not need to do so again.

If you are unvaccinated due to a religious or medical exemption, you can attend Fall Meeting by providing a negative test result of a PCR (Polymerase Chain Reaction) taken no more than 72 hours prior to the beginning of the conference on October 17, 2022. The documentation must include the type of test, the healthcare entity that issued the test, the test date, and the name of the person being tested.
