The Pathway Knowledge and Skills Chart describes what all/most learners/workers need to know and be able to do to demonstrate competence within a career pathway. Following the pathway description, there are four sets of knowledge and skill expectations:

**PATHWAY DESCRIPTION**

*Printing Technology Pathway:* The printing process has three stages—prepress, press and binding or post-press. Prepress workers prepare material for printing presses. They perform a variety of tasks involved with transforming text and pictures into finished pages and making printing plates of the pages. Desktop publishing poses new challenges for the printing industry. The printing industry is rapidly moving toward complete “digital imaging,” by which customers’ material received digitally is converted directly into printing plates. Other innovations in prepress work are digital color page makeup systems, electronic page layout systems and off-press color proofing systems. Printing press operators prepare, operate and maintain the printing presses in a pressroom. In most shops, press operators also perform preventive maintenance. Computers allow press operators to perform many of their tasks electronically. With this equipment, press operators monitor the printing process on a control panel or computer monitor, which allows them to adjust the press electronically.

**A. FOUNDATIONAL ACADEMIC EXPECTATIONS**

All secondary students should meet their state’s academic standards. All Essential Cluster and Pathway Knowledge and Skills are predicated on the assumption that foundational academic skills have been attained. Some knowledge and skill statements will further define critical linkages and applications of academics in the cluster and/or pathway.

**B. ESSENTIAL KNOWLEDGE AND SKILLS**

The following Essential Knowledge and Skill statements apply to careers in all clusters and pathways. Persons preparing for careers in this pathway should be able to demonstrate these skills in the context of this cluster and pathway.
ACADEMIC FOUNDATIONS: Achieve additional academic knowledge and skills required to pursue the full range of career and postsecondary education opportunities within a career cluster.

Essential Topic

ESS01 Complete required training, education, and certification to prepare for employment in a particular career field.

  ESS01.01 Identify training, education and certification requirements for occupational choice.
  ESS01.02 Participate in career-related training and/or degree programs.
  ESS01.03 Pass certification tests to qualify for licensure and/or certification in chosen occupational area.

ESS01.02 Demonstrate language arts knowledge and skills required to pursue the full range of post-secondary education and career opportunities.

  ESS01.02.01 Model behaviors that demonstrate active listening.
  ESS01.02.02 Adapt language for audience, purpose, situation. (i.e. diction/structure, style).
  ESS01.02.03 Organize oral and written information.
  ESS01.02.04 Compose focused copy for a variety of written documents such as agendas, audio-visuals, bibliographies, drafts, forms/documents, notes, oral presentations, reports, and technical terminology.
  ESS01.02.05 Edit copy to create focused written documents such as agendas, audio-visuals, bibliographies, drafts, forms/documents, notes, oral presentations, reports, and technical terminology.
  ESS01.02.06 Comprehend key elements of oral and written information such as cause/effect, comparisons/contrasts, conclusions/context, purpose, charts/tables/graphs, evaluation/critiques, mood, persuasive text, sequence, summaries, and technical subject matter.
  ESS01.02.07 Evaluate oral and written information for accuracy, adequacy/sufficiency, appropriateness, clarity, conclusions/solutions, fact/opinion, propaganda, relevancy, validity, and relationship of ideas.
  ESS01.02.08 Identify assumptions, purpose, outcomes/solutions, and propaganda techniques.
  ESS01.02.09 Predict potential outcomes and/or solutions based on oral and written information regarding trends.
  ESS01.02.10 Present formal and informal speeches including discussion, information requests, interpretation, and persuasive arguments.

**Knowledge and Skill Statements**

**ESS01.03**  
**Demonstrate mathematics knowledge and skills required to pursue the full range of post-secondary education and career opportunities.**

- **ESS01.03.01** Identify whole numbers, decimals, and fractions.
- **ESS01.03.02** Demonstrate knowledge of basic arithmetic operations such as addition, subtraction, multiplication, and division.
- **ESS01.03.03** Demonstrate use of relational expressions such as equal to, not equal, greater than, less than, etc.
- **ESS01.03.04** Apply data and measurements to solve a problem.
- **ESS01.03.05** Analyze Mathematical problem statements for missing and/or irrelevant data.
- **ESS01.03.06** Construct charts/tables/graphs from functions and data.
- **ESS01.03.07** Analyze data when interpreting operational documents.

**ESS01.04**  
**Demonstrate science knowledge and skills required to pursue the full range of post-secondary and career education opportunities.**

- **ESS01.04.01** Evaluate scientific constructs including conclusions, conflicting data, controls, data, inferences, limitations, questions, sources of errors, and variables.
- **ESS01.04.02** Apply scientific methods in qualitative and quantitative analysis, data gathering, direct and indirect observation, predictions, and problem identification.

**Essential Topic**

**COMMUNICATIONS:** *Use oral and written communication skills in creating, expressing and interpreting information and ideas including technical terminology and information.*

**ESS02**

**ESS02.01**  
**Select and employ appropriate reading and communication strategies to learn and use technical concepts and vocabulary in practice.**

- **ESS02.01.01** Determine the most appropriate reading strategy for identifying the overarching purpose of a text (i.e. skimming, reading for detail, reading for meaning or critical analysis).
- **ESS02.01.02** Demonstrate use of content, technical concepts and vocabulary when analyzing information and following directions.
- **ESS02.01.03** Select the reading strategy or strategies needed to fully comprehend the content within a written document (i.e., skimming, reading for detail, reading for meaning or critical analysis).
- **ESS02.01.04** Interpret information, data, and observations to apply information learned from reading to actual practice.
- **ESS02.01.05** Transcribe information, data, and observations to apply information learned from reading to actual practice.
- **ESS02.01.06** Communicate information, data, and observations to apply information learned from reading to actual practice.

Essential Topic
TECHNICAL SKILLS: Use of technical knowledge and skills required to pursue careers in all career clusters, including knowledge of design, operation, and maintenance of technological systems critical to the career cluster.

ESS10.01 Employ information management techniques and strategies in the workplace to assist in decision-making.
ESS10.01.01 Use information literacy skills when accessing, evaluating and disseminating information.
ESS10.01.02 Describe the nature and scope of information management.
ESS10.01.03 Maintain records to facilitate ongoing business operations.

ESS10.02 Employ planning and time management skills and tools to enhance results and complete work tasks.
ESS10.02.01 Develop goals and objectives.
ESS10.02.02 Prioritize tasks to be completed.
ESS10.02.03 Develop timelines using time management knowledge and skills.
ESS10.02.04 Use project-management skills to improve workflow and minimize costs.

C. CLUSTER (FOUNDATION) KNOWLEDGE AND SKILLS
The following Cluster (Foundation) Knowledge and Skill statements apply to all careers in the Arts, A/V Technology and Communications Cluster. Persons preparing for careers in the Arts, A/V Technology and Communications Cluster should be able to demonstrate these skills in addition to those found on the Essential Knowledge and Skills Chart.

Cluster Topic
ACADEMIC FOUNDATIONS: Achieve additional academic knowledge and skills required to pursue the full range of career and postsecondary education opportunities within a career cluster.

No additional statements in this topic beyond those found in the Essential Knowledge and Skills Chart.
## Cluster Topic ARC02

**Communications:** *Use oral and written communication skills in creating, expressing and interpreting information and ideas including technical terminology and information.*

No additional statements in this topic beyond those found in the Essential Knowledge and Skills Chart.

## Cluster Topic ARC03

**Problem-solving and Critical Thinking:** *Solve problems using critical thinking skills (analyze, synthesize, and evaluate) independently and in teams. Solve problems using creativity and innovation.*

No additional statements in this topic beyond those found in the Essential Knowledge and Skills Chart.

## Cluster Topic ARC04

**Information Technology Applications:** *Use information technology tools specific to the career cluster to access, manage, integrate, and create information.*

No additional statements in this topic beyond those found in the Essential Knowledge and Skills Chart.

## Cluster Topic ARC05

**Systems:** *Understand roles within teams, work units, departments, organizations, inter-organizational systems, and the larger environment. Identify how key organizational systems affect organizational performance and the quality of products and services. Understand global context of industries and careers.*

### ARC05.01

*Analyze and summarize the history and evolution of the arts, audio-video technology, and communications field to understand the current place the field holds within society and the economy.*

#### ARC05.01.01

*Summarize the history and impact of the arts and technologies on society.*

**Sample Indicators**

- Develop a timeline depicting the evolution of art, technology, media, and performance to the present time.
- Identify when the arts became a valued medium within society and how this influenced the arts.
- Identify positive and negative impacts of the arts on current society.
- Identify the beginnings of audio-video and communications technologies as valued media within society.

#### ARC05.01.02

*Evaluate the influences on the evolution of art, technology, media, and performance.*

**Sample Indicators**

- Identify the known influences on the evolution of art, technology, media and performance.
- Identify key factors that have impacted the evolution of the arts, communications, and audio-video technologies.

#### ARC05.01.03

*Compare and contrast the different objectives for arts and communications held by the general public and the industry at large.*

**Sample Indicators**

- Analyze the objectives of the general public related to arts and communications.
- Examine the objectives of industries related to arts and communications operations.
Interpret the similarities and differences between the objectives of the general public and the industries relating to arts and communications operations.

**ARC05.01.04** Analyze current issues related to the arts, audio-video technologies, telecommunications, printing, and the media.

*Sample Indicators*
- Identify the current, key, local and national issues for arts and communications technologies.
- Compare the similarities and differences in the issues currently affecting arts and communications technologies.
- Determine how these issues impact each area and the entire career cluster.

**ARC05.02** Examine the various organizational structures adopted by groups within the arts, audio-video, technology, and communications field to understand the diversity and variety of functions within the industry.

**ARC05.02.01** Summarize characteristics of the fluid and diverse nature of organizational structures within the arts, audio-video technology, printing, telecommunications, and media industries.

*Sample Indicators*
- Explain the formal and informal organizational structures within each of these pathways.
- Illustrate the organizational structures in charts.
- Compare the organizational structures of the arts and other pathways for similarities and differences.
- Explain the meaning of diverse organizational structures and why these are important for the accomplishment of joint projects.

**ARC05.03** Analyze the arts, audio-visual technology and communication industry's economic base in order to demonstrate an understanding of the economic factors influencing the industry as a whole.

**ARC05.03.01** Analyze the industry’s economic base pertinent to the arts and related technologies.

*Sample Indicators*
- Evaluate how the visual and performing arts economically impacts current society.
- Evaluate how the technology industries economically impact current society.
- Describe how the arts have economically influenced the inception of the technology industry.
- Describe how the technologies industry has influenced the economic growth of the arts to the present time.

**ARC05.03.02** Analyze the industry’s business practices pertinent to the arts and related technologies.

*Sample Indicators*
- Identify the basic business principles relative to the pathways in this career cluster.
- Examine the business practices amongst the diverse pathways in this career cluster for similarities and differences.

**ARC05.03.03** Evaluate the role of the arts in business, technology, and the community.

*Sample Indicators*
- Define the roles of the arts in business, technology, and the community as identified by society.
- Present the role that business expects from the arts in relation to economic development.
Describe the rationale for technical aspects working with the arts and how this provides a mutual benefit. Illustrate roles that the community expects from the arts in relation to quality of life issues.

**ARC05.04**

**Analyze and summarize evidence of interdependence between the technical and the artistic sides of this career cluster in order to demonstrate an understanding of the systems involved in the cluster.**

**ARC05.04.01** Summarize the features of the partnership technology and the arts have in developing presentations and productions.

*Sample Indicators*
- Describe the impact that audio-video technology, printing, broadcasting, and journalism have on the development of presentations and productions.
- Analyze how technical areas and the arts partner to produce high quality presentations and productions.

**ARC05.04.02** Analyze how the roles of creators, performers, technicians, and others are similar and different from one another.

*Sample Indicators*
- Analyze the roles of creators, performers, technicians, and others involved in production, performance, and media to identify similarities and differences.
- Analyze the skills required by both technical and artistic partners to provide audiences with quality works and productions.

Design a presentation that illustrates the similarities and differences of the various roles.

**ARC05.05**

**Analyze and summarize the formal and informal influences in the abstract and formal structures of business organizations within this cluster to demonstrate an understanding of the influences on holding careers in this field.**

**ARC05.05.01** Examine the influence government, public opinion, and diverse local and cultural perspectives may have upon visual arts, media communications, or performance as a business.

*Sample Indicators*
- Define influences of government and cultural perspectives as they relate to media communications, visual arts or performance as a business.
- Define the influence of government regulations on media, audio-video productions, telecommunications, printing, and artistic authorship.
- Analyze a variety of persistent cultural issues and dilemmas within society that commonly affect how cultures are portrayed within art forms and communication.
- Evaluate how cultural issues and dilemmas within society influence government and public opinion and its effects on developing a successful business.

**ARC05.05.02** Examine labor management processes and agreements generally used in the arts, audio-video technologies, telecommunications, printing, and media fields.

*Sample Indicators*
- Define labor management processes and agreements used within each pathway.
- Identify common labor management processes and agreements used within this career cluster.
- Role play a labor management process as it relates to one area in each pathway in this career cluster.
Identify issues that are handled in agreements between labor and management in one of the pathways for this cluster.

**Cluster Topic**

**ARC06**

**SAFETY, HEALTH AND ENVIRONMENTAL:** *Understand the importance of health, safety, and environmental management systems in organizations and their importance to organizational performance and regulatory compliance. Follow organizational policies and procedures and contribute to continuous improvement in performance and compliance.*

**ARC06.01** Maintain safe and healthful working conditions by completing work tasks in accordance with rights and applicable responsibilities in an arts, audio-visual technology and communications work environment to protect employees’ well being.

**ARC06.01.01** Assess workplace conditions with regard to safety and health.

*Sample Indicators*
- Identify the types of risk of injury/illness at work.
- Identify those who are susceptible to risk of injury/illness at work.
- Describe ways to positively impact occupational safety and health.
- Describe ways to positively impact occupational safety and health.

**ARC06.01.02** State the implications and rationale for various rules and laws designed to promote safety and health may have on a work environment.

*Sample Indicators*
- Identify key rights of employees related to occupational safety and health.
- Identify the responsibilities of employers related to occupational safety and health.
- Explain the role of government agencies in providing a safe workplace.

**ARC06.02** Assess and control methods to reduce sources of office and worksite accident hazards common in the arts, audio-visual technology and communications industry in order to promote a safe and accident free working environment.

**ARC06.02.01** Demonstrate completion of a variety of methods to prevent and correct common hazards.

*Sample Indicators*
- Identify and describe common hazards in the workplace.
- Identify and describe major sources of information about hazards in the workplace (e.g., MSDS, work procedures, exposure control plans, training materials, labels, and signage).
- Identify sources of combustible/flammable materials, fire and emergencies to establish a fire safe environment.
- Interpret safety signs and symbols.

**ARC06.02.02** Demonstrate personal and group health and safety practices.

*Sample Indicators*
- Identify procedures necessary for maintaining a safe work area.
- Identify methods to correct common hazards.
- Identify methods for disposing of hazardous materials.
- Demonstrate principals of safe physical movement to avoid slips, trips, and spills.
- Inspect and use protective equipment (PPE).
Examine and summarize the responsibilities various entities have for promoting a safe and healthy work environment in order to understanding the roles involved in maintaining acceptable conditions in the arts, technology and communications field.

ARC06.03.01 Summarize the individual employee's responsibility for maintaining health and safety in contrast to a supervisor or others.

Sample Indicators
- Examine the situations in this career cluster where individuals work independently and are responsible for their own health.
- Identify the responsibilities an individual has for implementing health practices in relation to electrical and mechanical equipment.
- Identify the individual's responsibilities for safe and healthful practices when dealing with stage equipment, artist tools, and mechanical equipment.
- Design a plan for maintaining individual health for work in various pathways within the cluster.

ARC06.03.02 Illustrate situations that demonstrate compliance with OSHA safety regulations and practices related to this cluster.

Sample Indicators
- Define the OSHA safety regulations related to this cluster.
- Classify critical safety issues and practices identified by OSHA in relation to pathways in this cluster.
- Demonstrate using safety procedures required in a specific pathway in this cluster.

ARC06.03.03 Apply MSDS and Hazardous Materials procedures related to handling and disposing of chemicals.

Sample Indicators
- Analyze health problems that can result from unsafe exposure to chemicals.
- Demonstrate the use of knowledge and skills for safe and healthful use of chemicals in various processes in the arts, graphic arts, photography, and technical areas of this career cluster.

ARC06.03.04 Apply Hazardous Materials practices in relation to fire and water hazards, electrical coding, and right-to-know laws regarding hazards.

Sample Indicators
- Exhibit knowledge of Hazardous Materials practices.
- Demonstrate the use of Hazardous Materials practices related to activities in the career cluster.

ARC06.04 Examine and summarize safety related problems that may result from working with electrical circuits used in this cluster to demonstrate a broad understanding of health and safety concerns.

ARC06.04.01 Demonstrate safe work habits and procedures for application of electricity and static discharge in relation to all technologies in the career cluster.

Sample Indicators
- Exhibit proper grounding techniques.
- Identify potential electrical hazards on the work site or set.
- Demonstrate how to apply CPR and first aid in relation to electrical shock.
- Demonstrate basic procedures for safely working with electricity.
**ARC06.05**  Apply safety procedures in operating equipment commonly used within the career pathways involved in this cluster to demonstrate a broad understanding of important safety practices.

- **ARC06.05.01** Demonstrate the ability to set and use a ladder.  
  *Sample Indicators*  
  Set a ladder safely, both with and without equipment.

- **ARC06.05.02** Demonstrate safety procedures for operating aerial systems.  
  *Sample Indicators*  
  Utilize safety procedures to operate an aerial system without individuals on the equipment.

- **ARC06.05.03** Demonstrate safety procedures when involved with heights.  
  *Sample Indicators*  
  Demonstrate how to safely climb poles using steps, gaffs, scaffolding, and ladders.

- **ARC06.05.04** Apply the safety practices related to printing and graphic arts, telecommunications, performing arts, visual arts, and broadcasting.  
  *Sample Indicators*  
  Illustrate the safety practices required in the control room for broadcasting; in a theater with props, sets, costumes, make-up, and lighting; in graphic arts with presses and duplicators; and in telecommunications.

**ARC06.06**  Examine and summarize the lifestyle implications and physical demands required by work activities common in the arts, audio/visual, technology and communications cluster to demonstrate a broad perspective regarding the nature of work in the industry.

- **ARC06.06.01** Summarize the physical preparation needed to maintain the work activities of pathways in this career cluster.  
  *Sample Indicators*  
  Demonstrate a warm-up process to prepare the body for various performing arts.
  Demonstrate body mechanics that prevent strain on various parts of the body and voice.  
  Illustrate how to recognize stress as a potential safety factor to the body in various movements.  
  Demonstrate ergonomic movements related to artistic performance and technical equipment use.

- **ARC06.06.02** Summarize lifestyle choices required to maintain the work activities of the pathways in this career cluster.  
  *Sample Indicators*  
  Apply knowledge of nutrition to meet the body’s needs to supply the physical activity required by careers in this cluster.
  Interpret the impact of choices regarding nutrition, stress, exercise, and alternative decisions on an individual’s ability to sustain a career in performance.

**ARC06.07**  Demonstrate personal safety habits and procedures while on work-related assignments in various locations beyond the business site to ensure personal safety and well-being.

- **ARC06.07.01** Apply personal safety practices required for various pathways within this career cluster.  
  *Sample Indicators*  
  Determine the personal safety practices required when gathering news where potential health and safety hazards exist.  
  Practice responding to personal safety concerns “on-location,” including dangerous wildlife, terrain, extreme weather, or violence.
### LEADERSHIP AND TEAMWORK:

*Use leadership and teamwork skills in collaborating with others to accomplish organizational goals and objectives.*

No additional statements in this topic beyond those found in the Essential Knowledge and Skills Chart.

### ETHICS AND LEGAL RESPONSIBILITIES:

*Know and understand the importance of professional ethics and legal responsibilities.*

#### ARC08.01

Exhibit ethical conduct in writing, creating, printing, broadcasting, and performing to uphold high standards for behavior in the industry.

- **ARC08.01.01** Analyze ethical principles of decision-making related to clients, customers, fellow workers, and others.
  - *Sample Indicators*
    - Define professional code of ethics.
    - Examine the professional code of ethics (e.g., Society of Professional Journalism).
    - Identify consequences of non-ethical decision-making on short and long term reputation.

- **ARC08.01.02** Analyze ethical conduct that provides proper credit to those whose ideas and content have been used.
  - *Sample Indicators*
    - Illustrate how credit is given for use of copyright materials.
    - Identify the consequences in historical examples of both ethical and unethical conduct related to the use of intellectual property.
    - Identify current concerns about consumer ethics related to the music and the video industries.
    - Identify ethical and unethical conduct in a given work situation.

- **ARC08.01.03** Analyze ethical standards that apply to the delivery of quality performance and products.
  - *Sample Indicators*
    - Define ethical standards.
    - Examine the problems related to maintaining ethical standards in situations without a clear standard.

- **ARC08.01.04** Identify ethics involved in the degree of influence media, arts, and performance have upon individuals.
  - *Sample Indicators*
    - Identify the degree of influence of print, broadcast media, arts, and performance in a given situation.
    - Evaluate historic political events and actions instigated through the use of media, print, art, and performance.
    - Describe why responsibility for ethical influence is a key issue related to this cluster.

- **ARC08.01.05** Identify the proper use of proprietary information.
  - *Sample Indicators*
    - Define proprietary information.
Describe how proprietary information is a concern related to careers in this cluster. Evaluate situations to judge the extent to which information is proprietary and whether or not it can be used.

**ARC08.02** Analyze and apply laws affecting arts, technology and communication enterprises to maintain up-to-date compliance with key regulations influencing the industry.

**ARC08.02.01** Analyze the copyright laws in relation to seeking formal permission to use materials.

*Sample Indicators*
- Identify steps for securing permission to use copyrighted materials.
- Exhibit how credit is given for use of copyrighted materials.
- Define what is original content and when credit does not need to be given.
- Identify the benefits of copyright laws.
- Identify consequences if formal permission is not secured.

**ARC08.02.02** Analyze contracts for potential work in career pathways within this cluster.

*Sample Indicators*
- Examine different types of contracts.
- Interpret various types of contracts.
- Identify essential elements a contract needs to contain for protection of both parties.

**ARC08.02.03** Analyze state, county, and city codes related to decisions affecting work in this cluster.

*Sample Indicators*
- Identify processes required to obtain local, county, and state permits for building structures and sets, and installing communications mechanisms in various site locations.
- Describe relevant statutes for this cluster.
- Identify agencies and organizations that oversee and enforce these statutes.
- Identify assistance professional organizations offer for securing permits.

**ARC08.02.04** Analyze the First Amendment, FCC, the Freedom of Information Act, libel laws, and other regulations for compliance issues relevant to this cluster.

*Sample Indicators*
- Describe the intent and relationship of the First Amendment to this cluster.
- Identify FCC Regulations, the Freedom of Information Act, and state statutes and liability laws pertaining to work in this cluster.
- Identify court cases related to this cluster that preserve business and individual rights.
- Interpret how The Freedom of Information Act affects workers in this cluster.
- Illustrate instances when the intent of the First Amendment was preserved in recent times.

**ARC08.02.05** Analyze the liabilities associated with productions and performances, media, and telecommunications installations.

*Sample Indicators*
- Define the term liabilities.
- Identify examples of potential situations that could pose legal liabilities.
- Analyze the risk level for work situations related to this cluster.
### Cluster Topic ARC09

**EMPLOYABILITY AND CAREER DEVELOPMENT:** *Know and understand the importance of employability skills. Explore, plan, and effectively manage careers. Know and understand the importance of entrepreneurship skills.*

#### ARC09.01

**Explain written organizational policies, rules and procedures common to careers in arts, AV, technology and communication fields to help employees perform their jobs.**

**ARC09.01.01**

Locate appropriate information on organizational policies in handbooks and manuals.

*Sample Indicators*
- Identify the contents of various organizational publications.
- Select the appropriate document(s) as reference for a given situation.

**ARC09.01.02**

Discuss how specific organizational policies and rules influence a specific work situation.

*Sample Indicators*
- Locate and identify specific organizational policy, rule or procedure to assist with a given situation.
- Explain specific organizational policy, rule or procedure to improve a given situation.

#### ARC09.03

**Identify, examine and select career opportunities in one or more arts, AV, technology and communication related career pathways in order to explore career options.**

**ARC09.03.01**

Locate career opportunities that appeal to personal career goals.

*Sample Indicators*
- Locate and interpret career information for at least one career cluster.
- Identify job requirements for career pathways.
- Identify educational and credentialing requirements for career cluster and pathways.

**ARC09.03.02**

Match personal interests and aptitudes to selected careers.

*Sample Indicators*
- Identify personal interests and aptitudes.
- Identify job requirements and characteristics of selected careers.
- Compare personal interests and aptitudes with job requirements and characteristics of career selected.
- Modify career goals based on results of personal interests and aptitudes with career requirements and characteristics.

### Cluster Topic ARC10

**TECHNICAL SKILLS:** *Use the technical knowledge and skills required to pursue the targeted careers for all pathways in the career cluster, including knowledge of design, operation, and maintenance of technological systems critical to the career cluster.*

#### ARC10.01

**Demonstrate the use of technical knowledge and skills that relate to pathways in this cluster to allow for mobility among numerous career options within the family of related occupations.**

**ARC10.01.01**

State how various pathways within the cluster work together to generate productions, media, and other activities.

*Sample Indicators*
- Identify work activities associated with a variety of the cluster pathways required for a theater production, film, television broadcast, or arts event.
Generate a production, media, or other event, and identify the interrelated activities and skill requirements associated with various pathways in this cluster.

ARC10.01.02 Identify pathways with common knowledge and skills that provide a worker with the potential for mobility.

Sample Indicators

Compare the pathways for common knowledge and skills, and produce a crosswalk of related career potential.

Identify the pathways with the most discrete knowledge and skills, and compare the potential for career crosswalks.

ARC10.02 Summarize knowledge of the systems within various pathways contained in the cluster to keep abreast of new technological advancements and tools important to work in this industry.

ARC10.02.01 Analyze the technological systems that are apparent within the various pathways in this cluster.

Compare the organizational structures of businesses in each of the pathways in this cluster.

Sample Indicators

Identify the technological systems and their effects on the pathways in this cluster. Predict and highlight technological advancements for several pathways to illustrate the effect on work in careers in this cluster.

ARC10.02.02 Research the impact of potential new technology advancements related to this cluster in the future.

Develop a research paper, media production, or other event to demonstrate the impact of technology on careers in this cluster for the future.

Sample Indicators

Evaluate the business opportunities in this cluster and identify how these will be impacted by technological advancements and systems. Identify the technological changes in the past five years that have affected the skill requirements for workers in this cluster.

D. PATHWAY KNOWLEDGE AND SKILLS

The following knowledge and skill statements apply to all careers in the Printing Technology Pathway.

Pathway Topic

**ARPD01**

**PRINTING**

<table>
<thead>
<tr>
<th>Pathway Topic</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>ARPD01.01</td>
<td>Employ processes required for the production of various printed products to build a working understanding of print technologies.</td>
</tr>
<tr>
<td>ARPD01.01.01</td>
<td>Explain the diversity of the printing process including paper, non-paper substrates and specialty products.</td>
</tr>
</tbody>
</table>
Sample Indicators Identify the printing processes used to create books, money, containers, and wallpaper. Identify printing processes used on non-paper substrates, including packaging, mylar, and foils. Identify the processes used to print on credit cards, laminates, flooring, pharmaceuticals, and food products.

ARPD01.01.02 Examine the impact of the printing industry on the US economy.

Sample Indicators Describe the economic aspects of printing in terms of profit and number of employees involved in the industry.

ARPD01.01.03 Examine the impact of emerging technologies in hardware and software applications.

Sample Indicators Describe the expansion of printing with the development of computer applications.

ARPD01.02 Manage the printing process including customer service and sales, scheduling, and quality control to deliver products that meet customer needs and expectations.

ARPD01.02.01 Employ knowledge of customer needs and expectations when promoting printing services.

Sample Indicators Identify customer requirements, timelines, and budget in a given situation. Verify final costs and ability to produce materials for time specified to customer.

ARPD01.02.02 Apply knowledge of services, equipment, capabilities, workflow process, data acquisition and technology to deliver customer service.

Sample Indicators Analyze cluster data files to determine compatibility with printing processes. Determine if graphics, images, film fonts, inserts, etc. are required for a print job. Disseminate customer information to production department. Communicate with customer to provide updates in schedule and product status.

ARPD01.02.03 Analyze scheduling processes to ensure timely completion of projects.

Sample Indicators Plan project schedule related to job specifications. Schedule resources to complete job. Monitor project status.

ARPD01.02.04 Identify quality control measures.

Sample Indicators Communicate quality standards and expectations for a job to technical production staff. Monitor project quality to meet required standards. Specify points in process for client approval. Demonstrate copying and backup processes for client files.

ARPD01.03 Demonstrate preparation of customer materials for imaging to deliver products that meet customer needs and expectations.

ARPD01.03.01 Demonstrate previewing materials for imaging (pre-flighting).

Sample Indicators Analyze client disc files to ensure software and hardware compatibility for the job components. Identify required job components including graphics, fonts, and images; transparencies; hard mechanicals; and film. Demonstrate resolution of file errors.
Apply knowledge of camera and scanner operations to produce images using process photography.

**Sample Indicators**
- Identify the types of press and types of paper for press gain compensation.
- Analyze original to determine required reproduction techniques.
- Demonstrate capturing a photograph of a building, scenery, a personality.
- Differentiate between transmissive versus reflective light.
- Illustrate understanding of color separation (RGB to CMYK).

Demonstrate conversion from analog to digital forms, using scanning equipment.

**Sample Indicators**
- Demonstrate adjusting the scanning equipment for various processes.
- Demonstrate how to adjust images.
- Retrieve digital images.

Demonstrate moving manuscripts into a form that is camera-ready copy.

**Sample Indicators**
- Use word processing to develop printable copy.

**ARPD01.04** Analyze image retrieval through refinement, page assembly processes and type set and trapping to prepare products for printing.

**ARPD01.04.01** Identify processes used to modify images so that they conform to layout design specifications.

**Sample Indicators**
- Comprehend the process of color separation.
- Identify processes used to manipulate the images to meet specifications.

**ARPD01.04.02** Examine the page assembly process.

**Sample Indicators**
- Identify the processes involved in building the document.
- Identify the steps in preparing files for imaging.
- Identify problems that can occur in the page assembly process.

**ARPD01.04.03** Examine trapping processes.

**Sample Indicators**
- Define trapping.
- Identify trapping requirements and processes.

**ARPD01.05** Analyze and summarize output processes, including digital, film, directive platemaking, and cylinders to build an understanding regarding delivery of printed products.

**ARPD01.05.01** Examine digital output software.

**Sample Indicators**
- Explain the processes for which CTP, PDF, ADOBE, PS, and DSC would be used.

**ARPD01.05.02** Examine film output processes.

**Sample Indicators**
- Describe the critical elements in creating proofs and films.

**ARPD01.05.03** Examine directive processes.

**Sample Indicators**
- Describe the processes that take output directly to the press.

**ARPD01.05.04** Examine platemaking and cylinders as output processes.

**Sample Indicators**
- Describe platemaking and cylinder-making.

**ARPD01.06** Examine the finishing and distribution operations related to printing in order to complete the printing process.

**ARPD01.06.01** Apply knowledge and skills related to binding processes used to finish printed materials.

**Sample Indicators**
- Define binding processes, including cutting, folding, and trimming.
Calculate basic paper counts from a stock sheet.

Demonstrate folding a single and tri-fold brochure, adapting equipment as needed. Identify saddle stitch, perfect bind, and flat stitching in various printed materials.

Demonstrate basic saddle stitch and simple padding press operations.

**ARPD01.06.02** Examine the specialty operations related to finishing.

*Sample Indicators*
- Define specialty processes.
- Identify embossing, foil stamping, die cutting, and laminating samples in printed materials.

**ARPD01.06.03** Apply packaging knowledge and skills to provide the customer with delivery of the product as specified.

*Sample Indicators*
- Identify how paper labels, ink jet labels, and bulk forms are used and printed for packages.
- State the postal regulations related to packages, contents, size, and destinations.
- Describe each of the following mail processes and when each is used: sorting, barcodes, bundling, and sacking.
- Demonstrate meeting customer needs in labeling, packaging, and shipping to meet expected standards.

**ARPD01.07** Employ knowledge of basic printing processes to demonstrate readiness for a career in the printing technology pathway.

**ARPD01.07.01** Explain printing processes related to lithographic, planographic, gravure, intaglio, and screen.

*Sample Indicators*
- Define each process.
- Identify the processes that are from the surface, below the surface, and through the surface.
- Describe the product application for each type of process.

**ARPD01.07.02** Examine ink and ink processes used for various types of printing.

*Sample Indicators*
- Describe how the properties of ink affect coverage, color, and color separation.
- Explain the application of ink for printing processes, including those from the surface, below the surface, and through the surface.

**ARPD01.07.03** Employ knowledge of basic printing processes when completing a printing project.

*Sample Indicators*
- Identify basic offset duplication parts and operation.
- Perform basic set-up for printing a single color job.
- Produce a printed single color job using an offset duplicator.
- Perform basic cleanup and maintenance.
