Basic State Grants refers to formula funding provided to states for distribution to local CTE programs under Title I of the Strengthening Career and Technical Education for the 21st Century Act (Perkins V). **National Programs** refers to funding provided for nationwide activities supported by Sec. 114 of Perkins V. **Tech Prep** refers to a program authorized under Title II of a previous iteration of the Perkins Act which has not received funding since FY 2010.

Perkins Basic State Grant (Title I) Federal Investment: Fiscal Years 2004-2022

The figures above have been adjusted for inflation using the Bureau of Economic Analysis' (BEA) Personal Consumption Expenditures (PCE) Price Index. The BEA's PCE price index is the Federal Reserve's preferred method for measuring inflation and is considered to be the most conservative estimation of inflation over time. **Adjusted for inflation, current funding for CTE programs via the Perkins Act remains \$403 million below FY 2004 levels.**
