

Surveys: Empowering Students through Career Technical Education and Career Advising

- Facilitators are directed to provide a pre and post-survey in each workshop module.
- Facilitators may copy or customize the following questions in the platform of their choice and to align with the module(s) being delivered.
- Facilitators may use QR codes that link to the survey and add to BOTH the Module slide deck and the Module Worksheet

Pre-Survey

The following questions request a ranking on a scale of 1 to 5, with 1 being the lowest score and 5 being the highest score.

1. I am confident that I understand all options available for my students through CTE.
2. I understand parents/guardians and students' attitudes about CTE.
3. I can thoroughly discuss various components of a high-quality CTE program of study with students and parents/guardians.
4. I understand current and emerging workforce trends, labor market data and know how to share this information with students and parents/guardians.
5. I can provide various examples of how CTE delivers real-world skills and starts a student on a path toward a career they are passionate about.
6. I can explain why CTE is a viable option for EACH learner and how to remove barriers to information about and participation in CTE.
7. I am confident that I can implement multiple effective strategies for career exploration and development for middle and/or high school students.
8. I can plan and implement strategies to effectively convey the value of CTE to multiple stakeholder groups, including students, parents/guardians, counselors, administrators.
9. I am familiar with various models of CTE offered in my school and state.
10. I have the information I need to be a good advocate and messenger for CTE.
